

FORWARD THINKING FOR WHAT MATTERS

FRANCHISE OPPORTUNITY

Today is the day to begin a business that will let you be in control of your own destiny, while at the same time allowing you to help your community by making optimal oral hygiene accessible and easy to schedule through

Smiles on Wheels

Mobile Dental Hygiene Clinic

Founded in 2013, Smiles on Wheels is a mobile dental hygiene clinic that brings the preventative dental care experience directly to our clients at the doorsteps of their homes, office or anywhere where there is a parking space. We bring an experienced, registered dental professional and spacious dental hygiene clinic to our clients, so that every Smile on Wheels client can receive routine preventative or cosmetic treatment in the most convenient way! Since we're completely mobile, we save our clients travel time and provide them with flexibility around their schedule. Whether it's a single person or the whole family — rain, snow, or sun — we can be there!
